AEMC Draft Determination - Northern Gas Pipeline – Derogation from Part 23

We have reviewed the transcript of the Pre-final determination hearing held by the AEMC on 7th May 2019.

We find nothing in the transcript to change our view expressed in our earlier submission dated 21st March 2019. That is, we continue to support the AEMC decision in the Draft Rule Determination of 21 February 2019, to not make a draft rule to remove an exemption that is applicable to the Northern Gas Pipeline.

Regards

Andrew Richards
